

Wishing Well

*Your Mind is very concerned about you and mostly makes
YOU
the centre of attention*

*See if you can notice this ~ME~ ME~ ME~ call of your Mind
This is one of your habits of Mind to be more Aware of*

*Gradually you can change this habit by more often focusing on others and wishing
them well*

May you be Happy

May you be in Peace

May you be free from Suffering

This helps us learn we are all the same – we all suffer and we all want to be happy and peaceful

*Without making it all about YOU again,
IT REALLY HELPS IF YOU WISH YOURSELF WELL IN THE SAME COMPASSIONATE WAY*
